

SUPPORTING THE PASSAGE OF THE ENHANCING MENTAL HEALTH AND SUICIDE PREVENTION THROUGH CAMPUS PLANNING ACT AND THE CAMPUS PREVENTION AND RECOVERY FOR STUDENTS ACT OF 2022

HON. GWEN MOORE

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2022

Ms. MOORE of Wisconsin. Madam Speaker, I rise in support of legislation to address the mental health and substance use needs of our college students. Our Nation continues to struggle with adequately meeting these needs, resulting in devastating consequences for too many of our constituents.

Milwaukee has long been a magnet for higher education. Students from across the globe enter our city to attend any of our twelve colleges and universities. When students enroll, we must offer them the support they need to attend and successfully complete their education. This includes those who need additional physical health, mental health, and substance misuse services during this exciting yet trying time of life.

We know the need for mental health and substance misuse services is increasing in our communities. It is critical that we take steps to protect the mental health of all Americans, especially our college students. Across the country, young adults struggling with mental health and addiction lack access to the quality, on-campus treatment they desperately need. With an average of 1,100 suicides on campuses each year, suicide is currently the number two leading cause of death among college students.

Today, I am proud to join my colleagues in supporting the passage of H.R. 5407, the Enhancing Mental Health and Suicide Prevention Through Campus Planning Act, and H.R. 6493, the Campus Prevention and Recovery for Students Act. These bills will fund programs that better support students on our college campuses.

The Enhancing Mental Health and Suicide Prevention Through Campus Planning Act would authorize federal support to encourage campuses to establish comprehensive, evidence-based mental health and suicide prevention programs that meet their student populations' diverse and urgent needs.

Such plans would consider existing Federal and State efforts to address mental health and suicide prevention at higher education institutions. They must also align with existing federal and state programs, including those authorized under the Garrett Lee Smith Memorial Act.

The Campus Prevention and Recovery for Students Act would mandate all college campuses receiving federal funding or participating in the federal student loan program to have in place evidence-based programs and policies that prevent alcohol and substance misuse by students and school employees.

The legislation would also increase authorized funding (to \$15 million annually) for federal grants, allowing institutions of higher education to implement and support evidence-based programs (including programs to improve access to treatment, referral for treatment services, or crisis intervention services)

that eliminate illegal substance use, decrease substance misuse, and improve public health and safety for students. Universities may utilize these funds for a range of new activities, including recovery support services, peer-to-peer counseling, and integration of campus-based health services that coordinate screening, diagnosis, prevention, and treatment of mental, behavioral, and substance use disorders.

Our students are struggling. In my home state of Wisconsin, opioid misuse outnumbered national trends by half a percent. According to data from the Wisconsin Department of Health Services, 3.5 percent of Wisconsin youth admit to misusing opioids. Implementing the measures outlined in these bills will help our schools and educators provide much-needed support to millions of college students throughout the country, including an estimated 68,000 in the Milwaukee area.

RECOGNIZING THE 50TH ANNIVERSARY OF THE PELL GRANT

HON. DEREK KILMER

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2022

Mr. KILMER. Madam Speaker, I would like to take a moment to recognize and celebrate the 50th Anniversary of the Pell Grant Program.

This program is aimed at ensuring that the door of educational opportunity is open to all students seeking higher education—regardless of economic background or income. The federal investment in Pell Grants is targeted to students with demonstrated financial need, with most families at incomes of \$40,000 or less. The investment pays off by increasing college completion and economic mobility. It's a legacy that I'm committed to protecting and expanding so that future generations can continue to reach their educational goals free from financial barriers or undue cost burdens.

For me, personally, this is also an important program. My folks were schoolteachers, and I could not have gone to college if it hadn't been for the help of my community and the assistance of financial aid. I look at education as the door to opportunity for a lot of families—including mine—and it's clear that financial aid is the key to that door.

Since the creation of the Pell Grant, more than 80 million students have felt the impact of this program firsthand. Last year, Pell Grants benefited 5,419 students attending our local colleges in the district that I have the honor of representing. At the University of Washington, more than 10,000 students across the university system are Pell recipients. Furthermore, at Washington State University, 26.9 percent of enrolled undergraduate students across the university system were eligible to receive a Pell Grant this past Fall.

As we recognize today as the 50-year mark of the Pell Grant program, I encourage all of us to not only celebrate this milestone, but to recognize the current students and successful graduates who have benefited from the program by telling their stories, encouraging the same access for future students, and resolving to continue support for this vital program for the next 50 years and beyond.

Madam Speaker, I urge my colleagues to join me in supporting the bipartisan resolution

declaring June 23, 2022, National Pell Grant Day this year.

HONORING THE SERVICE OF COLONEL MICHAEL F. BRESLIN

HON. BARRY MOORE

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2022

Mr. MOORE of Alabama. Madam Speaker, today, I recognize the service of Colonel Michael Breslin.

Over 30 years ago, Michael began a long and storied career in the U.S. Army. Michael began his career in 1992, attending flight school at Fort Rucker, Alabama, where he learned to fly the U.S. Military's premier medium lift tactical transport aircraft, the UH-60 Black Hawk. Michael then went on to serve in a myriad of commands starting at Fort Campbell and Fort Bragg, then moving to several locations in Asia and Europe—ultimately becoming the Commander of the 1-214th Aviation Regiment in May 2005, where he served until May 2007.

At the conclusion of his service with the 214th Aviation regiment, Michael went on to earn his Master of Business Administration degree from Webster University. Upon completion of his degree, he assumed the position of Directorate of Evaluation and Standardization Operations Officer, where he established Army aviation policy and ensured compliance across all mission sets and components. He also went on to plan and execute four separate team deployments to Iraq and Afghanistan to assist deployed commanders and bring back evolving tactics to follow on units. Immediately following this assignment, he served as the Commander of the 1-228th Aviation Regiment in Central America.

In 2012, Michael was assigned to the Pentagon, where he served as the Chief, Current Operations, U.S. Army Aviation G3, and was responsible for the movement of over 1,000 aircraft in and out of numerous combat zones, sequencing all redeployed aircraft to the Reset program while ensuring Commanders were adequately resourced for their mission. While serving in this capacity, Michael simultaneously managed over 300 taskings over the course of his two-year assignment.

Michael was subsequently returned home to Alabama, where he served as Director, Army Medical Evacuation Propensity, defining and articulating Aeromedical Evacuation requirements for the entire U.S. Army. He also managed all programmatic efforts to sustain and improve the aeromedical evacuation fleet of over 600 aircraft, and he successfully collaborated with over twenty different entities—centered on the training, organizing and funding of the Army medical evacuation program.

Colonel Breslin's final assignment came in 2018 as he took on the title of Assistant Dean of the U.S. Army School of Aviation Medicine. In this position, he oversees fourteen programs of instruction, including 37 staff members and over 2,000 students.

After 30 years of military service, Michael began his hard-earned and well-deserved retirement on June 1, 2022. Colonel Breslin represents the best of what this country has to offer. Michael and his family have given so much over the years, and I could not be prouder to pay tribute and honor his decades of selfless, dedicated service to our country.

PAYING RESPECTS TO DAVID FINGER THE CHIEF OF LEGISLATIVE AND REGULATORY AFFAIRS AT THE NATIONAL VOLUNTEER FIRE COUNCIL

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2022

Mr. HOYER. Madam Speaker, I rise today to pay my respects to Dave Finger of the National Volunteer Fire Council who passed away on June 3rd following a courageous battle with pancreatic cancer.

Prior to joining the National Volunteer Fire Council (NVFC) as its Chief of Legislative and Regulatory Affairs in 2005, Dave served as the lead staffer on first responder issues for the Research and Technology Subcommittee of the House Committee on Science, Space, and Technology. Dave worked closely with my staff and the staff of my three fellow co-chairs of the Congressional Fire Services Caucus sharing input on legislation pending before the House Science Committee that benefited our nation's fire and emergency services.

As NVFC's Chief of Legislative and Regulatory Affairs, Dave represented the interests of our nation's volunteer firefighters on Capitol Hill. His efforts played a critical role in the passage of federal legislation that not only advanced the health and safety of our nation's volunteer firefighters, but all firefighters and emergency services personnel.

Dave was the embodiment of collaboration. While his primary focus was always on advocating for the volunteer fire service, he understood the importance of working together with the other national fire organizations to advance a common agenda. Tributes from his colleagues expressed appreciation for his passion, integrity, and character. Cerebral in nature, he possessed a depth of knowledge and insight on the issues he championed. There was never a time when he walked into a meeting with Members of Congress or their staff unprepared; he was the consummate professional.

Dave was only forty-four when his life was cut short by cancer. He leaves behind his wife, Allison, and their two children: Vivienne, 7, and Sullivan, 2. He also leaves behind many friends and thousands of firefighters across the nation who owe him their deep gratitude for the work he performed on their behalf throughout his career.

Madam Speaker, on behalf of my fellow Co-Chairs of the Congressional Fire Service Caucus, I extend my sympathies to Dave's family and to his colleagues at the National Volunteer Fire Council and throughout the fire and emergency services community for the loss of their loved one and friend.
